**OBJECT :** WARNING TO THE OCCUPYING ITALIAN FOREIGN  
GOVERNMENT.  
**GO AWAY TILL YOU ARE ON TIME.**

The population is very fed up.

December the 9th 2013, a coordination of different groups and movements decided to say ENOUGH to the state of Italy.

Groups and movements started a join-venture and don't want to waste their time with single category vindications, but unhinge the dominant and parasitical establishment represented by the state of Italy.

So, be warned.

Our warning is to the occupying Italian foreign government with all its institutions, bureaucratic and regulatory systems, organizations and its armed forces from the territories of the Sardinian Nation. Do not underestimate the protest garrisons that people will create.

Do not even try to intervene in the usual criminal and repressive manner you are used to; any kind of repression, no matter the reasons, will not be tolerated.

As intimated by the MONITORING AND NOTICE of August 20, 2012, now this MLNS and this Sardinian Provisional Government, trusty to its duties toward the Sardinian Homeland and the entire Sardinian Peoples and in total solidarity with the other People of the Peninsula, commands to you to leave till you are on time.

Leave the territories of the Sardinian Nation that you are still illegally and illicitly occupying and retreat with your institutions, police and armed forces from our territories, be true to your duties in respect to the principles and purposes of the Charter of the United Nations, and of the Treaties of New York of 1966 ratified by your law number 881/77 about the right of self-determination of all the

Peoples subjugated to a foreign, colonialist and a racist regime, because this is what you are against the Sardinian People and against the other Peoples who live in the Peninsula.

This MLNS and its Sardinian Provisional Government claim and demand to the General Assembly of the United Nations, to the International Community and to every single State to pretend from the occupying Italian foreign government state to abide the right of self-determination of the Sardinian People, and to end the illegal and illicit occupation of the territories of the Sardinian Nation.

This MLNS and its Sardinian Provisional Government, sharing this initiative undertaken by the coordination of groups and movements, which will start in December the 9th 2013, as authentic expression of struggle for freedom from the foreign occupying, colonialist and racist state of Italy, claim and demand support and assistance like provided by the international law.

For the Sardinian National Liberation Movement  
and for the  
Sardinian Provisional Government

Sergio Pes (President)
